

# JENNY BATCHELOR TRIBUTE

Hello

During the Emperor Shoot of 2022, which took place on Saturday, March 19, a tribute was paid in honour of Jenny Batchelor.

Jen passed away after a long battle with disease. If this name says nothing to most of us, it resonates deep in the heart of the slightly older archers who participated in the encounters with the archers of the twinned town of Ramsgate (England) with Conflans.

Jen and Dave, her husband, convinced Francophiles, were in charge of the twinning visits within the Ramsgate club and it is in this capacity that we met them.

The first meeting took place in 1996 during the "Euro-games" organized between the cities of Ramsgate, Chimay and Conflans. Visits stopped in 2012, following the onset of Jen's health concerns.

We shared very good moments of conviviality during our meetings, whether they took place in Conflans or Ramsgate (or even in Chimay).

The COVID pandemic did not allow us to organize a shoot in her memory earlier. That is now done.

Jenny, we salute you.

The Captain

Robin Boutillier Lemesle
